

Construction Manager – Ironbark No.1

- Lead the Construction of our new Mine from the ground down
- We are successful because we're a people business that mines coal
- 2 Year Contract, 170km West of Mackay, 9 Day Fortnight, FIFO, DIDO or Residential

About Fitzroy

Fitzroy Australia Resources is a new force in the Queensland metallurgical coal mining industry with a portfolio of existing operations and a pipeline of growth projects. In our short history we have successfully reinvigorated operations at Carborough Downs underground mine, breathed new life into the Broadlea open cut and our next exciting venture is the Greenfields underground longwall and bord and pillar coal mine - Ironbark No.1.

Our employees are engaged, connected to our business, proud of what we have achieved, have conviction in one another and our potential. Innovative thinking and decisive leadership are the hallmarks of the company. We deliver a challenging and rewarding environment and our success is built on the foundation of being a people business that mines coal.

Construction Manager

You will be responsible for managing the Civil, Mechanical and Electrical Contractors on site as we develop Fitzroy's new underground Coal Mine, Ironbark No.1. As the Construction Manager you be Fitzroy's representative leading the onsite team. You will have the flexibility of choosing to live locally or FIFO or DIDO on an attractive and flexible 9 day roster. Construction is scheduled to commence shortly, with production to start by Quarter 1 2020 and full longwall operations producing up to 6 million ROM tonnes by mid 2021.

Your key responsibilities:

- Ensuring Contractors adherence to the Ironbark No.1's Safety Health Management Systems, Contractor Compliance Framework,
- Contractors are planning and executing the required works in accordance with their contractual obligations and Fitzroy's standards, procedures and policies,
- Leading the performance of works to ensure Contractors are within budget and achieving critical milestones.
- Developing solutions as situations require during the construction,
- Work with the Operations Leadership Team to find efficiencies and improvements that enable the long term success of Ironbark No.1

To be successful you will have:

- Qualifications in Engineering, Construction Management or similar,
- Extensive experience leading large scale mining construction projects,
- Excellent knowledge of Electrical, Mechanical and Civil Engineering Projects,
- Delivered similar scaled projects managing multiple stakeholders and contractors,
- Excellent understanding and ability to deeply analyse and action construction related data,
- Exceptional knowledge of the construction industry, building codes, standards and workplace health and safety,
- Excellent communication and negotiation skills.

Ironbark No.1

Applications close 05 April 2019 don't miss this exciting and rare opportunity.

Fitzroy is an Equal Opportunity Employer and employs on the basis of job requirements.
